

Need a graphing calculator? Don't have your own yet? Here's how to download a **FREE** TI-83 emulator that works just like the real thing.

1. Go to [http://education.ti.com/educationportal/sites/US/productDetail/us\\_sdk\\_73\\_83\\_84.html](http://education.ti.com/educationportal/sites/US/productDetail/us_sdk_73_83_84.html)
2. Click the **DOWNLOAD** button
3. Choose TI-83 Plus SDK
4. Click **RUN**
5. Click **CONTINUE** when prompted for earlier versions
6. Click **YES** to the License Agreement
7. Click **NEXT** at the Welcome screen
8. Click **NEXT** at the Choose Destination Location screen
9. Click **NEXT** at the Select Program Manager Group screen
10. Click **NEXT** at the Start Installation screen
11. Click **FINISH** at the Installation Complete screen
12. Close the ReadMe-Notepad screen
13. Click OK to restart the system

*To use the emulator once installed:*

1. Double-click the **TI-83 Flash Debugger** icon on your desktop
2. Click **FILE**
3. Click **FILE**, then **NEW** then **OK**
4. Click **DEBUG**, then **GO**
5. You can now select any calculator functions using the mouse to click the required buttons.
